TECH CENTER 1600/2900

In the Specification:

Please replace paragraph [0155] with the following rewritten paragraph:

[0155] PC, PI and PG conjugates are herein defined as compounds of the general structure (III)

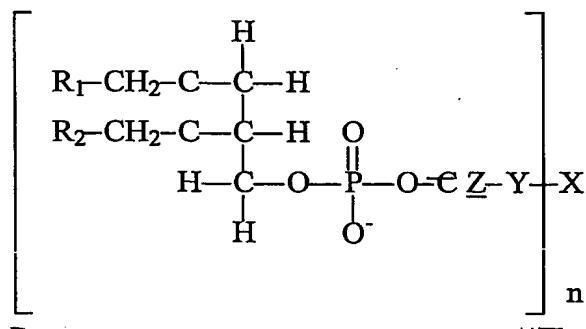

Please replace paragraph [0159] with the following rewritten paragraph:

[0159] € Z is either inositol, choline, or glycerol;

Please replace paragraph [0163] with the following rewritten paragraph:

[0163] In addition to the traditional phospholipid structure, related derivatives for use in this invention are phospholipids modified at the C1 or C2 position to contain an ether or alkyl bond instead of an ester bond. The alkyl phospholipid derivatives and ether phospholipid derivatives are exemplified by the general formulae

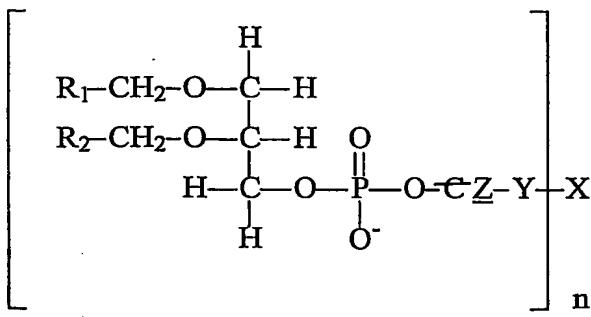

(IV)

(V)

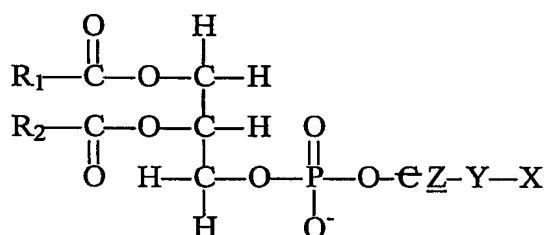

Please replace paragraph [0167] with the following rewritten paragraph:

[0167] $\mathbb{C} \underline{Z}$ is either ethanolamine, serine, inositol, choline, or glycerol;

Please replace paragraph [0189] with the following rewritten paragraph:

[0189] Low molecular weight PC, PI, and PG conjugates are herein defined as compounds of the structure

(VIII)

Please replace paragraph [0193] with the following rewritten paragraph:

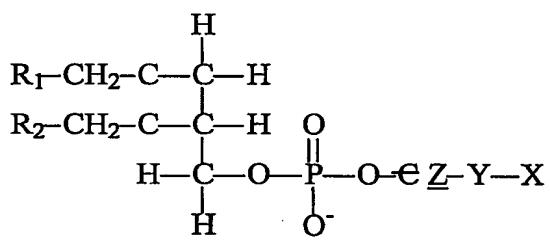

[0193] $\mathbb{C} \underline{Z}$ is either inositol, choline, or glycerol;

Please replace paragraph [0197] with the following rewritten paragraph:

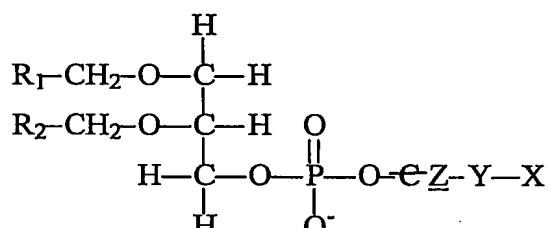

[0197] In addition to the traditional phospholipid structure, related derivatives for use in this invention are phospholipids modified at the C1 or C2 position to contain an ether or alkyl bond instead of an ester bond. These derivatives are exemplified by the general formulae

(IX)

or

(X)

Please replace paragraph [0201] with the following rewritten paragraph:

[0201] $\text{e}\underline{\text{Z}}$ is either ethanolamine, serine, inositol, choline, or glycerol;
